Prayer Points for the UK National Health Service

1. Thanks to God for the many good things that have happened in the past and happen even now in the National Health Service (NHS).
2. A cry to God for mercy in a situation where so many things have gone against his will.
3. For a believing spirit-filled Health Minister.
4. For the network of intercessors for the NHS.
5. For Christian leaders in high places - that they would have both courage and anointing.
6. As replacement members to Health Authorities are appointed, that wrong spiritual influences will be displaced.
7. For opportunities to speak into the NHS in order to bring God's solutions to situations.
8. For non-believers in authority: that God will cause their thoughts to be agreeable to His will (Prov 16 v.3 Amplified).
9. For God to bring back under Jesus those hospitals originally established by the Church.
10. That the implementation of The NHS Plan will bring real improvement to services, and that care will not be jeopardised before fulfilment. That God would use it to breathe life again into the NHS.
